ROCKCASTLE'S LARG-EST ENTERPRISE.

The Big Hill Coal Company Which is Developing the Resources of the Brush Creek Valley.

(Mt. Vernon Signal.)

Brush Creek station on the K. C. division of the L. & N., six miles east of Mt. Vernon, has been a lively place for the past four months on account of the new branch railroad being constructed by the Big Hill Coal Co., from the L. & N. up Brush Creek, a distance of five miles, where are located the richest coal mines in Rockcastle. Among the gentlemen who are pushing this enterprise appear the following:

G. W. Malone, Vice-President, Pittsburg, Pa.; J. A. Sullivan, Secretary, Richmond, Ky.; Edward Stewart, Superintendent, Pittsburg, Pa.; J. Stone Walker, Treasurer, Richmond, Ky. Judge John C. Chenault, whose name will appear further along in this article, was one of the original promoters, and organizers of this enterprise was found still hard at work at Brush Creek and over the new line when the Signal representative visited that locality a few days since to take notes of what was going on. To say the Signal man was surprised at the magnitude of the enterprise is putting it mildly indeed. The construction, grading, etc., is being done by Mason, Hoge Co. & Rodman, who did the biggest part of the work in putting the K. C. road from Richmond to Livingston. Hix Theobald & Co. are doing the bridge and culvert work. It is expected to have the line ready for laying track within thirty days. High waters have caused some delay in putting in bridge piers over Roundstone. The road starts out from north end of the switch at Brush Creek station; crosses Roundstone in a diagonal direction, strikes the hillside on west bank of Brush Creek and hugs the hills most of the way. The construction is not very heavy and a good grade prevails over the route.

It was back in 1887, fifteen years ago, that Judge Chenault bought the old Cruise tract of 100 acres lying on the waters of Brush Creek, one mile from the station by that name. The next year he and others purchased a 332 acre tract and began prospecting for coal. Since 1888 they, under the name of the Big Hill Mining and Investment Co., have gathered in various bodies of land containing from ten to several hundred acres. The company has to-day 10,600 acres of land lying along Brush Creek from the station to Jackson county. A good portion of these lands are valuable for mineral and timber while some of the tracts will be worthless as far as any revenue is to be derived from them; the company needs rights of way and was willing to pay for them.

After fifteen years work towards establishing a big enterprise in Rockcastle, Judge Chenault and his co-laborers are about to see their efforts crowned with success. Some eighteen months since they interested some Pittsburg, Pa., capitalists and practical coal operators in this territory and sold to them a half interest in these lands. The company was reorganized under the name of the Big Hill Coal Co., with headquarters at Richmond. Since that time they have been at work towards developing their territory. The railroad being built is the property of the coal company. They have their own locomotive and will be furnished with coal cars, for their output, by the L. & N.

Mine No. 1, now in operation is one mile from Brush Creek station, from which they carry to railroad, by wagons, and load 50 to 60 tons of coal per day. The output will, of course be considerably increased as soon as track is laid over the new line. The main works, however, will be at Chenault, the end of the road, five miles from Brush Creek station; named in honor of Judge Chenault, the main mover in this enterprise. At Chenault the coal company will build a town, install a \$50,000 electric plant for running mining machinery, motors for hauling cars, coal, etc., light the mines, town and use for other needed purposes. A system of water works will be put in, a portion of this work being already under way. The plant will be patterned after that of Wilton, Knox county, Ky., which is pronounced to be the most up-to-date one in Kentucky or in the United States. The capacity of Mine No. 2 will be 1,300 tons or 50 cars per day.

Both mines require an incline railroad for lowering coal down the hill to the tip house. The one at No. 1 is now in successful operation

A Thanksgiving Dinner

Heavy eating is usually the first cause of indigestion. Repetition of this habit inflames the mucous membrane lining the stomach, produces a swelling after eating, heart burn, headache, sour risings and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach.

Condense d, Accurate, Helpful

The busiest people read The Youth's Companion because it is condensed, accurate and helpful.

Its weekly summary of important news is complete and trustworthy.

Its editorial comment on political and domestic questions is non-partisan; it aims to state facts in such a way that the busiest person can use them as the basis of an intelligent opinion.

It reflects on every page the wholesome, industrious, home-loving, home-making side of American life, the life of noble aims and honorable ambitions.

A full announcement of the new volume will be sent to any address on request. The new subscriber for 1903 who sends \$1.75 for the new volume at once will receive free all the remaining issues for 1902, including the Double Holiday Numbers; also The Companion Calendar for 1903, lithographed in twelve colors and gold.

THE YOUTH'S COMPANION, Boston, Mass. 144 Berkeley Street.

Starting, But True

Every one knew what a grand medicine Dr. King's New Life Pills is. It writes D. H. Turner, Dempseytown, Pa. "I've sold all you have in a day. Two weeks' use has made a new man of me. I suffer from constipation, stomach and liver troubles. 25c at Perry & Thomas' drug store."

THE OLD RELIABLE

Art of Remembering.

A noted medical writer likens the brain to a vast library and each idea, or name, or incident, to the volumes composing it, says the New York Commercial Advertiser. The memory, he says, acts as librarian and tucks away each volume in some peculiar niche of its own. Now, when we call on Librarian Memory for one of these volumes, he usually knows where it is and hands it to us instantly; but occasionally he, like other office holders, forgets his duties. We call on him suddenly, waking him from his nap, perhaps, and he cannot remember where he put the name of Smith or Jones, or the little fact regarding the tariff or Agamemnon's wives or something or other. Sometimes he finds it after a moment's search, and sometimes not for days. But he keeps up a still hunt for the missing volume, even while you forget about it; and some time when you are least expecting it, presto! there is the very thing you are trying to remember.

For instance, somebody asked the writer of this paragraph the other day suddenly for the name of a lady and her daughter staying at one of the beaches near Boston. The name was a perfectly familiar one, being that of an acquaintance; but with the question it suddenly vanished. It was impossible to answer. Librarian Memory was asked for it three or four times during the evening, but it eluded his efforts completely and for a day or two the event was forgotten. Finally, coming down town on the electric car, with the mind absorbed in other things, the little librarian jogged our elbow. "Here he is Smithson, volume 41,533 shelf 217," he whispered. As usual, when one ceases to want the thing it turns up. Ah, if one could only change librarians when the old ones shows signs of weakening!

A Startling Surprise

Very few could believe in looking at A. T. Foster, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from Rheumatism, Neuralgia, Neuritis, Sciatica, Nervousness, Stomach troubles, indigestion, and gave perfect health. Try them. Only 50c at Perry & Thomas' drug store.

Items of Interest.

Andrew Carnegie has been installed as rector of St. Andrews University, Scotland. Salvini, the noted tragic actor who is living in retirement at Florence, Italy, has been robbed of many valuables.

There is a plan on foot to reproduce in miniature, at the St. Louis World's Fair of 1903, the city of Jerusalem, to cover ten acres.

The largest orchard in the world will soon be planted in Laclide county, Missouri. It will contain 5,000 acres and the capital stock will amount to \$1,000,000.

Asleep Amid Flames

Breaking into a blazing home, some dreamer lately dragged the sleeping inmates from death. Fanned security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all throat, Chest and Lung troubles. Keep it near, and avoid entering, death and doctor bills. A teaspoonful stops a late cough, persistent use the most stubborn. Harmless and nice tasting. It's guaranteed to satisfy by Perry & Thomas, druggists. Price 50c and \$1. Trial bottles free. 1m

Fifteen years ago a German domestic servant, now aged twenty-two, swallowed a hairpin. It has just been extracted from her leg at Marienburg.

At the Confederate Home.

Several rooms at the Confederate Home, at Pewee Valley, have been subscribed for and named.

Room No. 6 will be named for Robert G. Stoner, who was Lieutenant Colonel of the Fifth Kentucky Cavalry, commanded by W. C. P. Breckinridge. Col. Stoner was a prominent horse breeder in Bourbon for many years after the war.

Room No. 9 will be named in honor of Gen. John S. Williams, who was formerly a United States Senator from Kentucky. He was from Mt. Sterling, and served as a Captain in the Mexican War with a Kentucky troop. He was a Brigadier General during a large part of the Civil War, and commanded the Department of Southwestern Virginia.

Room No. 19 will be named in honor of Jesse Webb by George W. Johnson Camp, No. 93. Webb was a gallant soldier of Scott county, who served in Morgan's command.

The four daughters of Capt. Dan Turney will furnish a room in memory of their father.

Mrs. Fannie M. Girard, of Hopkinsville, was elected matron, and assumed the duties of her office.

One Minute Cough Cure.

Is the only harmless cough cure that gives quick relief. Cures coughs, colds, croup, bronchitis, whooping cough, asthma, hiccuping, and all throat, chest and lung troubles. I got soaked by rain, says Gertrude E. Penner, Muncie, Ind., and contracted severe cold and cough. I failed rapidly; lost 48 pounds. My druggist recommended One Minute Cough Cure. The first bottle brought relief; several cured me. I am back to my old weight 118 lbs. One Minute Cough Cure cuts the phlegm, relieves the cough at once, draws out inflammation, cures croup. An ideal remedy for children. 1m

Will Run Into Kentucky.

The Cincinnati, Hamilton & Dayton railroad is preparing to run its line into the coal, iron and timber country of Eastern Kentucky. There is quite a race on between several roads for that section of the country. The C. H. & D. now has three thousand men at work and will spend \$2,500,000.

Tetter, Salt-Rheum and Eczema.

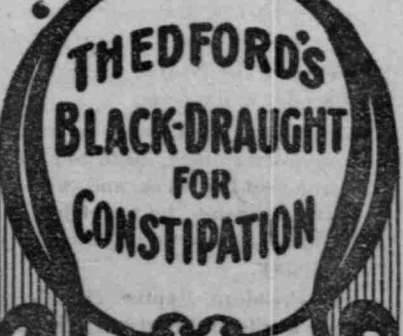

The intense itching and smarting caused by these diseases is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very bad cases have been permanently cured by it. It is equally efficient for itching piles and a favorite remedy for sore nipples, chapped hands, chilblains, frost bites and chronic sore eyes. 25c. per box.

Dr. Cady's Condition Powders, are just what a horse needs when in bad condition. Tonic, blood purifier and vermifuge. They are not food but medicine and the best in use to put a horse in prime condition. Price 25 cents per package.

The point in a breed that the farmer should look for is good flesh-carrying qualities and early maturity. It is the same with hogs as with most stock, the sooner it is placed upon the market the greater will be the profit of feeding and what has been consumed. This may be a small item on one pig, but is a matter of considerable consequence when a score or more are reckoned.

For Rent.

Four rooms to rent cheap. Well located. Apply to Thurman Grocery Co.

Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize that he is allowing poison to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipation is relieved. Theodor's Black-Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics.

Be sure that you get the original Theodor's Black-Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 25 cent and \$1.00 packages.

Norfolk, Ark., May 15, 1901. I cannot recommend Theodor's Black-Draught too highly. I keep it in my house all the time and have used it for the last ten years. I never gave my children any other medicine. I think I could never be able to work without it in season of other troubles with constipation. Your medicine is all that home medicine.
